RE: Katy ISD Additions and
Renovations at Various Facilities
Katy Independent School District
PBK Project Number: 240156

Dear Ms. Kassman,

On November 02, 2026, The Whiting-Turner Contracting Company, acting as Construction Manager at Risk for the Katy Independent School District, provided the GMP 2 for the **Katy ISD Additions and Renovations at Various Maintenance and Operations Facilities** project. The proposal presented herein as a result of months of monitoring cost estimates, evaluating cost reduction alternatives, and incorporating those adjustments that result in cost reductions without compromising the district's program. This is the second package of two, with the latter including the remaining balance of the site work and building associated with Katy ISD Additions and Renovations at Various Maintenance and Operations Facilities.

Following the review, the project team hereby recommends Katy ISD consider the approval of the proposed **Katy ISD Additions and Renovations at Various Maintenance and Operations Facilities** GMP 2 in the amount of **$8,688,638 (Eight Million, Six Hundred Eighty-Eight Thousand, Six Hundred Thirty-Eight Dollars)** as submitted by The Whiting-Turner Contracting Company and authorize the work under this scope to commence. This brings the total collective amount to date to $10,364,651 (Ten Million, Three Hundred Sixty-Four Thousand, Six Hundred Fifty-One Dollars).

We would like to express our sincere appreciation to the Katy ISD Administration and The Whiting-Turner Contracting Company for their assistance with the process of procuring this scope of the work. We look forward to answering any questions you and the Board of Trustees might have.

Sincerely,
PBK Architects, Inc.
